GENERAL TESTING INFORMATION

The Division has contracted with Prov, Inc. to administer the following Plumbing examinations:

- **Hearing Instrument Specialist practical**
- **Hearing Instrument Specialist Law & Rules**

The purpose of this bulletin is to provide you information about taking your licensing examination(s) with the State of Utah.

EXAMINATION CATEGORIES & COST

There are two Hearing Instrument Specialist license levels in Utah; the **Utah Hearing Instrument Specialist Intern** and the **Utah Hearing Instrument Specialist**.

Candidates seeking to be licensed as a [Utah Hearing Specialist Intern](#) are required to pass the International Hearing Society's (IHS) Practical examination which is administered by Prov. This examination must be passed by Interns prior to being allowed to practice under indirect supervision.

Candidates seeking to be licensed as a [Utah Hearing Instrument Specialist](#) need to pass the International Hearing Society's (IHS) Practical examination, the Utah Hearing Instrument Specialist Laws and Rules exam, and the International Licensing Exam for Hearing Instrument Professionals (ILE). Specialists that have already passed the Practical exam do not need to retake that examination. The Utah Hearing Instrument Specialist Law & Rules examination is administered by Prov.

The International Licensing Exam (ILE) is administered separately by the International Hearing Society.

The Utah Hearing Instrument Specialist Law & Rules exam costs **\$78** each time it is taken. The IHS practical examination costs **\$350**. The fee is the same whether you are testing for the first time or if you are retaking one or both parts. (pricing effective May 16, 2022)

If you are uncertain about whether you meet the education and training requirements for licensure, you may review the laws that outline those requirements.

You may also contact the Utah Division of Occupational and Professional Licensing (DOPL) at (801) 530-6628 to request assistance.

PREPARING FOR YOUR EXAMS

The licensing examination that you will take has been designed to test what qualified Hearing Instrument Specialists should know as they begin their practice in the State of Utah. The test questions used on the examinations have been prepared and reviewed by a panel of qualified individuals and cover a wide range of topics individuals would normally encounter during regular work operations.

Prov recommends that you prepare for your exam by familiarizing yourself with the subject areas listed in each exam description. Additionally, familiarize yourself with the reference materials that are allowed during the examination. The more time you spend outside of the testing room studying, the less time you will need to spend in the testing room trying to locate information. You are encouraged to prepare your test materials by highlighting text or placing permanent tabs on important pages.

INTERN PRACTICAL EXAM DESCRIPTIONS

The following are the descriptions of the IHS practical examinations. Please note that if you have previously completed the practical exam shown below as part of your Intern license, you will not be required to retake the same practical exam as part of your Specialist license.

Number of Sections	5
Time allowed (hours)	3
Section Descriptions	

I. Patient Information & Health Assessment: Case History, Otoscopy, Screening Tympanometry & Referral

In this section, you will orally demonstrate competency in several areas within the scope of practice for hearing instrument specialists: case history, otoscopy, red flag conditions, screening tympanometry, and referral protocols.

- You must provide an otoscope and items necessary for demonstrating proper hygiene.
- Another individual or the candidate will need to be used as the patient during otoscopy.

II. Pure-tone Audiometry: Air, Bone Speech, Masking, & Special Considerations

The objective of this section is to demonstrate competency in administering pure-tone and speech audiometry, including a good working knowledge in set-up, maintenance, and use of audiometric equipment. Audiometric equipment should be capable of wide-range air and bone conduction testing, speech

audiometry (live or recorded source), masking, and sound-field testing.

- You will need to provide your own audiometer, complete with valid calibration certificate.
- Either the examiner or another designated individual may be used as the subject on whom you will perform various tasks.

III. Human Acoustic Couplers: Earmold Impressions, Retubing, & Earmold Styles

This section provides you the opportunity to demonstrate competence in the making of an earmold impression and retubing an earmold; a test subject is required.

The desired end result of this section is:

An acceptable ear impression ready for submission to the hearing instrument lab;

An ability to replace earmold tubing on an earmold; and

Identification of basic earmold styles and configurations.

- A test subject is required for this section.
- You will also need to bring the necessary equipment, tools, and materials to sanitize properly, take an earmold impression, and to change the earmold tubing. An otoscope is required for proper demonstration of ear impression skills.

IV. Audiometric Interpretation & Fitting Verification: Audiograms, ANSI Read-Outs & Real Ear Measurements

In this section you will refer to various charts of audiograms to identify characteristics and errors, and to provide actual audiometric interpretation.

V. Dispensing, Counseling, & Trouble-Shooting: Delivery Instructions, Resolving Complaints, & Rehab Counseling

In the first portion of this section you will be required to demonstrate an understanding of the hearing instrument delivery process, including patient instructions to help assure that the patient will be able to make the best use of their instruments during the initial stages of the aural rehabilitative process.

Next, you will be asked to demonstrate a basic knowledge in post-fitting trouble-shooting of the hearing aids and in resolving user complaints.

The final portion covers counseling in the use of amplification, assistive devices, referral to other rehabilitative professionals, and awareness of consumer resources. You should be familiar with essential assistive devices and coping strategies that are appropriate for the degree of hearing impairment and/or patients' needs in various situations.

- You will need to bring hearing instrument(s), accessories, and accepted user-instruction manual for your demonstration.

TEST DAY RULES AND PROCEDURES**Check-in Deadline**

The doors to each testing center will open at least 15 minutes before all scheduled testing appointments in order to check candidates into the testing center. You should plan to arrive early to make sure you are seated by the time the testing begins. If you arrive late, AND the testing session has already begun, **YOU WILL BE TURNED AWAY**, your exam fees will be forfeit, and you will be required to reschedule for a future testing date.

Proof of Identity

Upon arriving at the testing center, you will be required to show government-issued photo identification. The photo ID must be current and valid. Additionally, the name on your ID must match exactly with the name you provided to Prov at time of scheduling. Please make any corrections to your name prior to your scheduled testing appointment.

Forms of valid photo-bearing ID are a driver's license card, passport, military ID, or permanent resident card. A temporary Utah Driver's License (paper copy) by itself is not sufficient proof of identity. If you currently have a temporary driver's license, you will **ALSO** need to bring in your recently **EXPIRED** original driver's license. Together your new temporary driver's license and your expired original license can be used to verify your identity. If you only have the temporary copy or the expired license, you will be refused entry. You will also be required to sign a test center log and will be photographed by the test center staff. If you cannot produce a valid government-issued photo ID, refuse to participate in signing the test center log, or refuse to be photographed, you will be dismissed from the testing center and forfeit all testing fees for that testing session. If you do not have a photo ID, you may still present a valid State driver's license without a photo or a State ID card without a photo that is issued by the DMV.

You will be refused to test by the testing center staff if:

- your name on the testing roster and name on ID do not match exactly
- you do not produce a valid government-issued photo ID
- you refuse to sign the test center log
- you refuse to be photographed

If refused at the testing center, you will be dismissed and forfeit all testing fees for that testing session.

Prohibited Items

No cameras, recorders, cell phones, computers, pagers, tablet computers, music players, smart watches, radios, electronic games, or any other electronic devices are allowed in the testing room. Talking and smoking are not allowed in the testing room.

Additionally, other personal items such as purses, notebooks, references or study materials, briefcases, backpacks, wallets, pens, pencils, other writing devices, food or any other items should be placed in secure storage at the testing facility.

For exam security you may also be **asked to remove** articles of clothing that may pose a security risk such as the following:

- Bulky clothing, scarves, hoodies, shawls, vests, jackets, coats, and so forth.
- Hats or headgear not associated with religious reasons.
- Any other clothing or device that may be interpreted as having the potential to compromise the testing process.

We ask that you leave all unauthorized materials in your car or vehicle. If you are caught using unauthorized materials during testing, these materials will be confiscated, your testing will be terminated with fees forfeited, and the Division will be notified of your dismissal from the exam.

Visitor Policy

No one other than the candidate will be allowed in the testing room. Non-testing visitors are **NOT** permitted to wait in the lobby while candidates test.

Unethical Conduct Policy

Any individual caught giving or receiving assistance during or after the examination, or caught using unauthorized materials during the examination will be reported directly to the Department. Those caught in the act of cheating will be dismissed from the examination and their testing results will be frozen. Furthermore, the candidate will forfeit the examination fees paid. Finally, anyone caught with test questions in their possession, either during or following the

examination will be prosecuted by Prov for theft of copyrighted testing materials.

RESULTS REPORTING

Upon completion of an examination, your Law & Rules test will be scored and you will be provided with a score result while at the testing center. The **Law & Rules** examination will be scored and graded against a cut-score of **75%**.

The Practical exam is scored by the International Hearing Society (IHS) and the results will be mailed to you within fifteen (15) days of test completion.

RETESTING POLICY

You may retake any failed exam as often as necessary. There is no waiting period between testing attempts.

PROV'S NON-DISCRIMINATION STATEMENT

Prov provides equal access to its exams and testing programs for all eligible persons. Although individual jurisdictions that Prov represents are wholly responsible for determining eligibility of candidates, it is the policy of Prov to maintain an environment free of discrimination and to prohibit discrimination and harassment against any person on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and veteran, marital or family status.

Harassment of Prov program participants, proctors, staff or candidates will not be tolerated. If candidates wish to express concerns about discrimination, they should contact Prov at 801-733-4455 or write to: Prov, Inc., 150 W Civic Center Dr, Suite 601, Sandy, Utah 84070.

SPECIAL ACCOMMODATIONS

Prov complies with the Americans with Disabilities Act (ADA) in providing special accommodations for candidates that require additional assistance during the testing process. If candidates feel that they qualify for a special accommodation during testing, they should contact Prov at (801) 733-4455. Prov will require written documentation from a licensed physician or psychologist documenting the disability and further require a request describing the requested remedy. Prov will then work directly with the

candidates to make the accommodations they will need in order to complete their examination.

THEORY EXAM TEST SITE AVAILABILITY

You may take your theory examination at any one of Prov's testing centers located from Logan to St. George. You may also choose to take your theory examination at home using Prov's Examroom® service.

What is Examroom?

Examroom is a remote test monitoring service that allows you to take your test on your own computer at your home. You schedule the test the same way you would an in-person testing site; by selecting your preferred test date and time. Then, on test day, you log into the Examroom website and request to start your exam. A test proctor will greet you over your computer, verify your identity, take your picture, and then watch you throughout the testing process.

How to decide whether to use Examroom? **Not every computer system is capable of taking a test on Examroom.** The following are the **MINIMUM** requirements that your computer system would need to meet in order to qualify to take your test using the Examroom service:

- Operating system on computer needs to be recent (less than 3-4 years old)
- Works on a MAC, PC, or Chromebook
- Need either a Chrome or Firefox browser (Chrome works best)
- Need a functioning computer web-camera and microphone
- Need a good consistent Internet connection capable of **uploading** files in excess of 3 Mbps

Please use the following link to do a system check **before you schedule** your exam to make sure your computer system will allow you to take a test using this system.

<https://examroom.ai/systemtest/>

If your system does not allow you to test at home, don't worry, we have some great testing locations that are not too far away.
